

## 2009 ULI Nashville's Excellence in Development Awards

The mission of **ULI Nashville's Excellence in Development Awards** is to celebrate, educate, and reinforce examples of excellence in land use, development, and design in our communities.

One of ULI's guiding principles is that the achievement of excellence in land use should be recognized and best practices should be shared. With recognition at the ULI Nashville Excellence in Development Awards, the benefits of superior planning, design, and development is reinforced and celebrated.

In only its first year and under an extraordinarily challenging economic climate, ULI Nashville's Excellence in Development Awards received [24 applications](#) in a wide variety of size, scope and land use. Please join ULI Nashville in acknowledging all of these truly noteworthy projects:
