

ULI NASHVILLE YOUNG LEADER EVENTS AND INITIATIVES* 2014 OPPORTUNITIES TO GET INVOLVED AND LEAD

**** Details of these initiatives are still being planned out by YL members. You may elect to help plan and lead one of these programs OR choose to participate when they are finalized.**

1. “THINKING OUTSIDE the BOX”

Introduce innovative projects to Nashville through the District Council. How do you make those things work? Challenge the membership to consider projects not yet seen here. Some ideas that might be part of this initiative:

- Audience might be bankers, policy makers, developers, et al
- Create multi-disciplinary teams to examine a project start to finish
- Each team has a ULI Nashville ‘advisor’...
- End Product – White Paper / Lunch and Learn / etc
- ‘Something’ for ‘winning’ team?? – Awards tickets?
- Innovation and ‘examination’ should use ULI resources available

2. MENTORSHIP for Young Leader members

“Bridging the gap to opportunities”. Formalize a mentor relationship for Young Leaders. Explore other Mentorship programs that ULI operates in other cities.

3. YLG SOCIAL GATHERINGS / HAPPY HOURS

Creates camaraderie among YL/Student members in our industries, and builds a ‘community’ of next generation practitioners. This facilitates ‘growing up’ with a group of folks. Balances out the ‘melding’ of the YL/Students with the District Council as a whole, which they also put as a priority of the YL’s position in ULI Nashville.

By and large, ULI Nashville YL/Students want to be fully integrated into the District Council membership opportunities, activities, etc. These three YL projects are initiatives that this group has self-identified which cater to its unique professional needs and goals.
