

Landscape Architect/Designer (Nashville, TN)

JOB DESCRIPTION

Mid-size, multidisciplinary design firm is seeking an experienced Landscape Architect to join our planning and landscape architecture studio in our Nashville, Tennessee office. This is an opportunity to join a creative and collaborative team as our studio continues to grow. Projects will include residential, commercial, mixed-use and resort projects across the southeast. The ideal candidate will have a focus on community design, placemaking and landscape architecture that can take a project from visioning through construction detailing.

Civil Site Design Group continues to build its planning and landscape architecture division called LANDPRINT studio. We are a collaborative group of designers that look at each project with a multi-faceted and creative design approach that emphasizes long term viability as well as economic, social and environmental sustainability.

Requirements:

- Bachelor's or Master's Degree in Landscape Architecture or comparable field from an accredited university
- Minimum of 3-5 years of Landscape Architecture experience
- Strong hand graphic skills and the ability to communicate design through hand sketches and drawings
- Must be proficient in AutoCAD and Adobe Suite; SketchUp and other 3D modeling software a plus
- Strong working knowledge of plant materials
- Professional licensure a plus, but not required
- Ability to assist or lead in the execution of design development drawings, construction details & graphic illustrations
- Ability to work in collaborative integrated teams of professionals that include architects, civil engineers, building systems engineers, planners & environmental specialists
- Ability to communicate an idea verbally and graphically and think analytically by translating conceptual drawings into concise construction drawings
- Understanding of project budgeting and deadlines
- Experience in reviewing contractor shop drawings
- Ability to work in a team setting yet be self-driven to accomplish individual tasks
- Experience consulting with product manufacturers, evaluating and selecting construction materials

We are an Equal Opportunity Employer and offer a competitive compensation plan and excellent benefits package. Please send resume and portfolio to careers@civil-site.com.
