The mission of the annual Excellence in Development Awards program is to celebrate, educate, and reinforce examples of excellence in land use, development, and design, as well as the multi-disciplinary Development Team who created them. Gathering nearly 600 guests, the annual Awards gala is the biggest event hosted by ULI Nashville.

PROGRAMS

The Program Committee is responsible for selecting and helping plan various events and programs hosted by ULI Nashville through out FY18.

BUILDING HEALTHY PLACES

The ULI Building Healthy Places Initiative continues to make the link between human health and the built environment with a multifaceted program—including research and publications, convenings, and advisory activities. This helps leverage the power of ULI's global networks to shape projects and places in ways that improve the health of people and communities and brings ULI grant funding to local BHP initiatives.

FY18 THEME

NASHVILLE NEIGHBORHOODS: CONNECTING COMMUNITIES/ CONNECTING THE CITY

FY18 programming and initiatives reflect the recognition that Nashville neighborhoods are part of the foundation of livability in our community: Neighborhood affordability, diversity, healthy lifestyles, character, connect- edness...*and more* make up the quality of life of those who live, work and play in our community. During FY18, ULI Nashville will examine those qualities of neighborhoods and the ability to 'get around' within and between neighborhoods in flexible, convenient and affordable ways.

YOUNG LEADERS GROUP

ULI Nashville Young Leaders Group is organized to serve the specific goals of our ULI members under the age of 35. To serve YLG's interest in career development, mentorship, and networking, YLG offers special programs and events.

NETWORKING

A priority of ULI Nashville is to provide extensive and rich opportunities for members to network with industry colleagues. Member networking among this diverse and large group expands member's business and professional development opportunities through the year.
